## ControlGuard Components

ControlGuard can be configured for one to five pumps. Available with an assortment of pump sizes and materials, the ControlGuard can be cost effectively configured for any dairy chemical feed application.

### Simple, Low Cost Installation

Unique Signal Interface is a great addition to your dairy dispenser tool kit.

- LED's show when washer signal is present.
- LED's show how long washer signals are present.
- When mounted in a wash controller, it eliminates need for conduit.
