

**“EQUIPPED TO MEET YOUR NEEDS”**

## Nursery and Finishing Feeders

Feed conversion and growth rate of nursery and finishing pigs are very important for a successful operation. We have stainless steel dry or wet/dry feeders available to suit your operation.

Our wet/dry feeders allow the animal to choose between dry feed or feed mixed with water. This system has been proven to provide the fastest growth and the best feed conversion.

The feeders are also fully adjustable, which allows for a comfortable feeding process and minimized feed loss.
